Mk3 Airliner

v1.0

Perfect Fit with Stock Aeroplane Parts

Functional IVA (require RPM & ASET)

Two Cockpit Textures (FStextureSwitch)

Tweaked & Scaled Stock Parts Optimized For Airliner

Installation:

Simply drag the content of the .zip file into your KSP install directory, and inside GameData, check there are no duplicate of ModuleManager.dll

Please download from their official download pages if you wish to have instruments in IVA mode.

Must Have Mods:

Kerbal Foundries

by Lo-Fi/ShadowMage

[contains Adjustable Landing Gears which are much better than stock landing gears. Two of the pre-built craft requires this.]

Pilot Assistant

by Crzyrndm

[can be used as auto pilot to maintain your heading, altitude and speed for long trips.]

Janitor's Closet

by linuxgurugamer

[some parts of this mod look exactly the same as stock parts. Use this mod to avoid confusion.]
